

Rondo Ladies

The consummate ladies' watch.

RONDO LADIES (YRDL001)
TREBOR COLLECTION

Understated in design but unquestionably fashionable, Rondo Ladies is the epitome of sophistication. Each timepiece is distinctly feminine featuring a matching dial and strap for continuous color. For women who are partial to pastels or earth tones, Rondo offers complementary colors accented with diamond or colored stones. Whether dressed up or dressed down, a lady is always well-dressed in a Trebor Rondo.
